

The Nevada Department of Conservation and Natural Resources and the Nevada Commission on Off-Highway Vehicles invites you to assist us in meeting the needs of off-highway vehicle users by completing this survey.

Assembly Bill 29, passed in 2017 by the NV Legislature, directed the Commission on Off-Highway Vehicles, a part of the Nevada Department of Conservation and Natural Resources, to evaluate the presumption set forth in NRS 490.090 to NRS 490.130 inclusive, "that the operation of an off-highway vehicle on a paved highway is prohibited unless authorized by a governmental entity."

The results of this survey will assist the program in its recommendations for legislation. The final report and recommendations will be online at OHV.NV.GOV no later than January 1, 2019.
