County Now Accepting Applications for OHV Advisory Committee

Applications are being accepted for an Off-Highway Vehicle (OHV) Advisory Committee, which will meet and advise the Clark County Board of County Commissioners on ways to protect, promote and enhance OHV recreation in southern Nevada. The committee was proposed at the June 19 county commissioners meeting. Once convened, the OHV Advisory Committee will hold public meetings as needed.

Clark County is a dynamic and innovative organization dedicated to providing top-quality service with integrity, respect and accountability. With jurisdiction over the world-famous Las Vegas Strip and covering an area the size of New Jersey, Clark is the nation's 14th-largest county and provides extensive regional services to more than 2.25 million citizens and 46 million visitors a year. Included are the nation's 8th-busiest airport, air quality compliance, social services and the state's largest public hospital, University Medical Center. The County also provides municipal services that are traditionally provided by cities to about 1 million residents in the unincorporated area. Those include fire protection, roads and other public works, parks and recreation, and planning and development.
