NEVADA OFF-HIGHWAY VEHICLES PROGRAM
2022 GRANT APPLICATION
Nevada Commission on Off-Highway Vehicles
Nevada Department of Conservation and Natural Resources

This application has FIVE sections which are all REQUIRED to be filled out in full. To avoid disqualification, all application areas must be concise and complete; certifications must be signed and dated. Denied applications: correspondence will be sent to applicant by email describing the reason for declaring the application incomplete.

SECTION I - PROJECT AND APPLICANT INFORMATION

1. Project Name: Carson City Sheriff's Office Off Highway Vehicle Program
2. Project Timeline: *Start:* upon funding *Completion:* December 31, 2022
3. Applicant Name: Carson City Sheriff's Office

Mailing address: 901 E. Musser St. Carson City Nevada 89701

Phone: (Main) 775 887-2500 (Traffic Sgt. Desk) 775 283-7887

Email: MCULLEN@CARSON.ORG

4. Classification of Applicant: (check one)

☐ Federal ☐ State ☒ County ☐ Local/Municipal ☐ Other: _____
☐ Partnership ☐ Non-profit ☐ for Profit ☐ Individual

If the applicant is a corporate or legal entity, proof of good standing in the entity's state of incorporation is required. NAC 490.1345 (Note: grantees must have the capacity to implement and accomplish proposed project and properly administer awarded funds).

Applicant Signature
(Chairperson/President/Authorized Official)

11.17.21

Date

5. Project Manager: Sergeant Mike Cullen and Dep. Joe Trotter

Mailing address: 901 E. Musser St. Carson City Nevada 89701

Phone: (775) 283-7887

Email: MCULLEN@CARSON.ORG or JTROTTER@CARSON.ORG

6. Classification of Land Control: (check all that apply)

☒ Federally managed public land ☐ Private Land ☒ County ☐ City

☐ Other: _____

☐ Lease; Attach copy of lease with expiration date.

☐ R&PP; Attach copy of lease with expiration date.

If the proposed project is to be carried out on public land, attach any applicable written agreement with any government entity having jurisdiction over that land, including permits, leases, easements, and rights-of-way. NAC 490.135

7. Landowner: _____

Mailing address: _____

Phone: _____

Email: _____

8. THE LANDOWNER MUST PROVIDE A LETTER STATING THAT:

(See example Appendix B)

- a) Landowner has read the Request for Grant Application package.
- b) Landowner agrees with the application and the terms of the grant.
- c) Landowner holds an interest in the subject land that is sufficient in scope and authority to allow the applicant to complete the proposed project and operate and maintain the proposed project after its completion.
- d) Landowner is legally committing to maintain the trail/facility and will allow public motorized access to such trail/facilities for 25 years or the normal life of the project; and
- e) Landowner agrees to provide any match or other tasks in the application that are assigned to Landowner.

The State may require the landowner/agency to be co-grantee on the grant agreement/contract.

9. PROJECT COSTS:

(grant request and matching funds directly related to the project)

State OHV Grant Request: _____ \$62,654 _____

Matching Funds: _____ \$14,545 _____

Total Project Amount: _____ \$77,199 _____

What are the sources or Partners for your leveraged (matching) funds?

☐ Federal ☐ Private ☒ In-kind ☒ City/County ☐ Other

Please describe additional funding source(s):

Carson City Sheriff's Office will provide additional funds for overtime with enforcement, safety classes and presentations, VIN inspections and OHV registration drives. Deputies will continue to volunteer time planning and attending OHV events, promoting the OHV program and administering and management of the grant. Carson City Sheriffs Office Traffic Unit Deputies will be a part of this program and will be used for education events, patrol activities and community interaction as well.

10. LETTERS OF SUPPORT FROM PARTNERS are required:

- a) Confirming they agree to the terms of the grant; and
- b) That they are committed to providing match/cash or other tasks in the application that are assigned to them.

Additional Letters of Support may be attached at the end of this application (limit 3).

11. Project Type(s) (NRS 490.069 Sec.2c) check all that apply:

- ☐ Studies or planning for trails and facilities;
 - ☐ Environmental Assessments and Environmental Impact Studies.
 - ☐ Other studies _____
- ☐ Acquisition of land for trails and facilities
- ☐ Mapping and signing of trails and facilities
- ☐ Reconstruction, enhancement or maintenance of existing trails and facilities
- ☐ Construction of new trails and facilities
- ☐ Restoration of areas that have been damaged by the use of off-highway vehicles.

- ☐ The construction of trail features, trailheads, parking, or other ancillary facilities which minimize impacts to environmentally sensitive areas or important wildlife habitat areas.
- ☒ Safety training and education related to the use of off highway vehicles and registration
- ☒ Compliance and enforcement (See Appendix C, Enforcement Strategy example)

12. ALL TRAIL USERS: (*check all that apply*)

- | | | |
|-------------------------------------------------------------|----------------------------------------------------------|------------------------------------------------------|
| <input checked="" type="checkbox"/> Mountain Biking | <input checked="" type="checkbox"/> Hiking/Backpacking | <input type="checkbox"/> Equestrian |
| <input checked="" type="checkbox"/> Single track motorcycle | <input type="checkbox"/> Snowmobiling | <input type="checkbox"/> Snowshoe/ski |
| <input checked="" type="checkbox"/> ATV quads | <input checked="" type="checkbox"/> Dune buggy | <input checked="" type="checkbox"/> UTV Side by side |
| <input checked="" type="checkbox"/> Race Course | <input checked="" type="checkbox"/> Skills riding course | |

Please explain how you intend to manage user interactions:

Through partnerships with the Bureau of Land Management, local OHV groups, OHV dealers and educational events we instruct and educate all participants to share trails, follow local and state laws and guidelines, report illegal activities and understand that through cooperative use OHV areas will continue to thrive and benefit all.

- 13. Scope of Work:** Please describe *exactly* what work will be completed. Programs, planning, NEPA, surveys, mapping, include miles of trail, trail type and other quantitative goals including a timeline for completing the work. NAC 490.1375. If purchase of equipment is included, please explain where/how it will be housed and maintained. (In order to avoid duplication, **do not include** justification or narrative in this section; refer to Section V, Scoring Narrative).

With this year's grant we plan to continue to expand our scope and continue to create new partnerships with users and the community to curb illegal activities in the off road areas within Carson City's jurisdiction. We will continue to expand our involvement with educational weekend events including safety training and discussions and working with other groups to promote safe, responsible use of our off road areas. We will continue to have our OHV unit attend venues such as the Nevada Day Parade and other State and Community events, our own Carson City Sheriff's Office "Cops and Kids" event, National Night Out, our Annual Extreme Motor Officer Training Challenge and the Annual Fuji Park flat track races with specific focus on education of OHV users to register their Off Highway Vehicles and use off road areas responsibly. We will expand our attendance at school events and any other

events where we can talk about off-road safety and proper use of our off-road areas.

Our venue set-up will continue to include our 10x10 canopy, a minimum of 2 officers, off-road display and more handouts that promote safe and responsible off-road use. We will continue to use our venue to promote OHV registration drives.

The four new requested dirt bikes will be issued to unit personnel and stored in one of our current enclosed trailers, at the Sheriff's Office itself. The Can-Am X-3 side x side will continue to be stored in the enclosed trailer, purchased during the 2021 grant cycle. Our current and future display items, handouts and booth equipment will continue to be stored in the enclosed trailer and assigned OHV van, a 1999 Dodge Ram 2500 Van, specifically assigned, by the Carson City Sheriff's Office, to the OHV program, to pull the current trailer and equipment and used to store display items.

Registration, Insurance and maintenance will continue to be the responsibility of the Carson City Sheriff's Office.

14. Standards/Guidelines that will be applied to your project:

- ☐ Universal Access to Outdoor Recreation - A Design Guide
- ☐ USFS Standard Specifications for Construction & Maintenance of Trails
- ☐ BLM Handbook 9114-1 Trails

X NOHVCC Handbooks

Other: _____

15. Has the applicant received funding from the OHV Program in the past?

☐ No ☒ Yes

Number of projects funded: 1

Amount of funding Received: \$ 61,453

Number of projects Completed: 1

SECTION II – LOCATION, MAPS, PHOTOS

Project Location:

County: Carson City-County of Carson City

Nearest Municipality/Town/City: Carson City

Center of project: Latitude: 39.1638 N Longitude: 119.7674 W

If the shape-files for the trail system are available, please submit them in the e-file. The shape-files of the trail will be required at project end. Program will assist in the collection of the data if needed.

MAPS ARE A VERY IMPORTANT PART OF THE APPLICATION. THEY ARE REQUIRED AND CONSIDERED PART OF THE FINAL AGREEMENT IF FUNDED.

Required Maps: for all maps please include a legend, north arrow, scale, and map name.

Topographic maps preferred. You may include *additional* aerial/google maps.

X General location map (showing project area within the state or county)

☐ Topographic map (7.5 minute series quadrangle, 1:24,000 scale) with project boundary and map name Township: _____ Range: _____ Sections _____

☐ Detail map indicating specific project elements (e.g., structures, trail alignment)

- Maps larger than 11x17 will not be accepted

Please attach the following photographs:

X *At least two (2) overviews of the project area from different angles and distances. (Good photographs at trail level and google aeriels help the scoring committee to understand the location, depth and breadth of your project.)*

SECTION III - Federal Lands or Other

Federal Environmental Compliance

A. If Federal funds or Land are a part of the project and NEPA was completed, indicate which document was produced, and **please attach the decision document to this application:**

- ☐ Record of Decision (ROD)
- ☐ Finding of No Significant Impact (FONSI)
- ☐ Categorical Exclusion (CX)
- ☐ SHPO 106 compliance/concurrence letter.
- ☐ Other compliance documents already completed. (do not attached the EA or EIS)
- ☒ Not applicable

If NEPA or planning is a part of the project describe the steps in the Scope Section I, #13.

SECTION IV - BUDGET

Proposed Budget: Provide your budget details to include at a minimum the items in the following table. You may create your own spreadsheet.

- Your budget must align clearly with your scope of work from #13. Be specific, as your application will rate higher.
- Reminder: Include all sources of funds for the completion of the project including federal, in-kind, private/city/county and state funds.
- **Attach copies of estimates to support your budget and identify what each contract will include.**

EXAMPLE BUDGET

Item Description	OHV Grant Request	Other Matching Funds	Total Cost
Contracts: Environmental studies			
Contracts: design, engineering & construction			
Direct labor costs Salaries, including fringe, actual costs			\$19,640
Overtime for enforcement patrols, rider safety training, registration drives, safety and information presentations. (Deputy \$42 per hour x 100 hours) and (Sergeant \$75 per hour x 100 hours)	\$11,700		
Sergeant time for administration and reporting on grant (\$50x100 hrs.)		\$5000	
Carson City Sheriff's Office will provide additional overtime as needed for personnel to conduct patrols, handle registration drives and safety presentations \$42 per hour at 70 hours)		\$2940	
Volunteer or donated labor/in-kind # Hrs. skilled labor @\$27.20/hr. (not required but is important for scoring higher)			\$1632
Deputy personal time to attend events and trainings, talk with off road community (est. 30 hours per year each = \$27.20 x 60)		\$1632	
Purchase or rental of equipment - Specify type of equipment – cost- # of days. Attach estimate or quote.			\$39,700
(2) 2022 Husqvarna FE350 Dirt Bikes (w/ fees)	\$22,400		
(2) 2022 Kawasaki KLX300r Dirt bikes (w/fees)	\$13,400		

<u>Vehicle off-road Accessories</u>	\$2400		
Graphic Set-up 2 @ \$653= \$1305			
Cycra Pro-Bend 2 @ \$130 = \$260			
Front disk guard 2 @ \$48 = \$96			
Rear disk guard 2 @ \$70 = \$140			
Radiator Guards 2 @ \$150 = \$300			
Skid Plate 2 @\$120=\$240			
<u>Vehicle emergency equipment and lighting</u>	\$1500		
4, 4" lights @\$120 = \$480			
4, 4" lights @\$120 = \$480			
4, Deck Grille lights @\$130 = \$520			
Personal protective equipment– Purchase or rental of materials for project			\$6654
Safety Helmet 2@\$923.00 (w com kit)	\$1846		
Scala Base mount 2@\$60	\$120		
Eye Protection 2@\$30	\$60		
Vest Carrier 2@\$300	\$600		
Radio Pouch 2@\$50	\$100		
Magazine Pouch 2@\$40	\$80		
Cuff Case 2@\$30	\$60		
TQ Mount 2@ \$40	\$80		
Knee Pads 6@\$30	\$180		
Dirt Bike Boots 6@\$300	\$1800		
Gloves 6@\$22	\$132		
OHV Jersey 6@ \$100	\$600		
Dirt Bike Pants 6@\$160	\$960		
Holster vest mount 2@\$18	\$36		
Marketing and Community Outreach Materials			\$2600
Printed Materials: Marketing and Educational handouts printed through Carson City Tourism Office	\$1050		
Marketing: (Printed Hoodies w/ CCSO OHV supporter logo) 38@ \$24.98	\$950		
Easy-Up Shelter w/ custom logo 1@ \$600	\$600		
Vehicle gas and maintenance standard is now at .58 per mile. Estimate miles.		\$290	
Est. 500 miles @.58 per mile		\$290	
Other: Off-site Training for Deputies			\$6683
Jimmy Lewis Off-Road School 2@\$1000	\$2000		
Rich Oliver Mystery School 7@\$669		\$4683	
Totals	\$62,654	\$14,545	\$77,199
Percentages	81.1 %	18.8%	100%

SECTION V – PRIORITIES AND SCORING NARRATIVE

Grants will be scored based on answers to the Ten (10) criteria listed below. Each criteria carries a weight determined by the OHV Commission, voted upon during the public meeting on 9/7/2021. Please reference scoring criteria form.

- 1. Law Enforcement Strategy that addresses registration enforcement, including Public Education & Outreach aimed at increasing renewals and new registrations:** *How will your project increase the number of OHV registrations on the district. How will the equipment and time be used to increase OHV safety and awareness? Please reference the Law Enforcement Statistics reporting form.*

Carson City Sheriffs Office started a regimen of monthly events at popular off-roading areas. These events focused on OHV registration by educating the off road community on the benefits and state requirements. We were successful in getting information out to the OHV community regarding registration requirements and safe use of OHV areas. By conducting patrols in the off road areas we were able to contact users, provide information and work with state agencies to increase local OHV registrations and provide information for safe responsible use of OHV areas. We have used media social media to provide public service announcements of our activities in the off-road areas. We will continue to focus on checking for registration and conducting VIN checks. We have educated ourselves on Nevada Revised Statue 490 and we will continue to work with the OHV commission to create or adopt new regulations to better serve the OHV community. The Carson City Sheriff's Office OHV program will continue to educate the off road community regarding off road vehicle registration and state laws regarding OHV use.

We will continue to maintain a presence with an educational booth at future county events, such as Nevada Day, Fuji Park dirt bike races, Cops and Kids and Sheriffs Night out events. In order to reach more users, and with agency approval, attending nearby (out of county) events with our educational booth and information such as The Virginia City Grand Prix (April 2022) and other Northern Nevada racing events including MRANN (Motorcycle Racers Association of Northern Nevada) off road series 2022, and Vegas to Reno Off-Road race. We will attend events with other OHV grant recipients such as registration drives and educational events that specifically train and educate off road users.

The Carson City Sheriff's Office started our own off-road program by implementing two dual sport KTM motorcycles into the traffic/ motorcycle unit in 2013. We have used these motorcycles on and off to patrol off road areas on a semi regular basis since 2013 and we plan to add four (4) more off road motorcycles to this unit, with this grant, to better serve the OHV community with patrols and OHV interaction.

We have found that there is great desire from Deputies to participate in this unit, yet we have been lacking equipment and training ability with limited equipment. Our goal is to add 4 more dirt bikes and to establish our training program for both officers and civilians.

- 2. Enhancement or Maintenance of existing trails and facilities:** *How will maintenance needs be prioritized and how often will your project hold a maintenance/ trails enhancement event? HOW will your project be maintained and WHO has committed to the ongoing maintenance of the facility or trail (note: a minimum of 2 maintenance/ trail events are required per year).*

Carson City has committed itself to improving current off road areas such as Prison Hill OHV recreational area and working with government agencies to maintain OHV access sites. The Carson City Sheriff's Office OHV program will continue to work alongside Carson City and State agencies to improve and maintain current OHV access and recreation locations. Carson City Sheriff's Office personnel involved in the program are lifelong dedicated off road enthusiasts and are continually building relationships and working with other organizations and groups to improve the local off road community, from education to awareness. Anticipated future grant requests will include trail maintenance, facilities and upkeep and will be focused on continuing to build this program.

- 3. Training:** *Please describe the goals and objectives of your public safety training program. Is it a nationally recognized certification? What sets your safety training program apart from the others?*

When we started this program we planned to provide a considerable amount of public education and begin conducting rider training and safety courses. Deputy Trotter and Sergeant Cullen currently instruct courses for street riders that involve safety and proper motorcycle handling while on the street, we work with Battle Born Harley Davidson to conduct these courses and have a large following.

The Carson City Sheriff's Office has developed our own 80 hour off-road riding course that is recognized by Nevada State Peace Officer Standards and Training, (Nevada POST). Both Deputy Trotter and Sergeant Cullen are POST (Police Officer Standards Training) trained state instructors in police motorcycle riding and have developed POST approved courses for both on and off-road riding for peace officers. We have had plans to expand this training to civilians no cost and plan to include regular "ride days" where civilians can come ride with Deputies on the trails and at the Prison Hill OHV area.

During this 2022 grant cycle we are seeking funds to send Deputies to Off-Road riding schools in an effort to bring more information back to our own program. Carson City Sheriff's Office currently uses the Rich Oliver Mystery School for outside agency training of Deputies. We will seek to send officers involved in the program to off road riding and ATV trainer schools to bring more information to the off road community.

We will continue to seek to grow our program at every opportunity.

- 4. Trail mapping and signing of existing trails and facilities:** *If a mapping component is included in the grant, please describe how it will be integrated with the current web mapping application found on OHV.NV.GOV*

We currently use existing off road trails and roads. Future efforts will include mapping and trail maintenance. Proper and ethical use of off road areas will be discussed during training events and educational presentations. We will be creating an OHV specific social media site that will have links to Nevada OHV website and social media to continue to help the community with information and education.

- 5. Connectivity/Loops:** *How will the project impact connectivity of OHV trails, facilities, and local communities? Please include maps of areas impacted by your project and describe those impacts.*

Carson City OHV areas run into areas that include other jurisdictions. This program will allow us to work with other grant users, organizations and groups to help connect access sites into these areas, maintain our areas and with future plans help connect users from area to area with mapping that would include easily accessed roads and trails, specific for this purpose. By educating users on these loops and connections the goal will be to keep users from getting lost or stranded.

- 6. Planning, Environmental Studies, Conservation:** *Describe how the environmental studies, conservation and/or planning will mitigate resources impacted by OHV recreation. How will your project contribute to the conservation of our natural resources, while enhancing OHV opportunities?*

Carson City Nevada has trails that number way into the thousands county wide. We continue our efforts to reach users that have not been reached in the past. We have been able to start an educational culture and coordinate with other groups to maintain this culture. Our continued goal will be to grow public use and responsible use for future generations to enjoy these areas.

- 7. Access:** *Please describe how your project improves OHV access in the project area. Explain what access/opportunities would be lost or restricted if the project does not occur.*

By educating and working with local groups and users we will continue to maintain current access to off road areas, without education and proper use, the reality of illegal use grows. Current access issues involve local homeowners that live near legal OHV access sites. A strong education campaign aimed at homeowners and business owners, targeting their concerns will help to address common complaints and head off future issues that may lead to closures at certain access areas.

- 8. Partnering and Leverage:** *Who else is involved in this project? Please describe outreach with stakeholders, partners and local governments that you have communicated with in planning this project.*

The Carson City Sheriff's Office continues to have a strong working relationship with our business community. Specifically, our current relationships with our dirt bike shops and off road businesses continue to be equally as strong. Many of our employees are avid off road users and enthusiasts. We have developed excellent relationships and maintained these relationships over the years and we continue to work with these businesses for promoting safe and ethical use of public lands. We have received excellent feedback from the off-road community since implementing our off-road plan and by interacting with the OHV community. We will continue to grow these relationships and seek out new ones with others involved in the OHV adventure in the future. Carson City Sheriff's Office takes pride in working with the citizens in the community to promote quality of life for all of the community members. This program will be no different, by working with users and concerned non users we will endeavor to address all concerns from the community and work to promote responsible off highway vehicle use in our OHV areas.

9. Economic Integration: *How will this project improve OHV recreation opportunities that help local, regional, or state economies grow?*

OHV areas in Carson City offer incredible views and adventure for OHV users. OHV users travel from all over the west coast to ride and drive in our off road areas for many reasons including, ease of use, safer use locations and generally fewer users as compared to other states. By maintaining these areas and using enforcement and educational opportunities we will be able to insure the proper and safe use of our off road areas. Local businesses prosper with increased tourism. Ease of use naturally transfers to more tax dollars generated and grows our area. With more prosperity and more users, requirements for enforcement and education become more paramount.

10. Demand for New Facilities: *Please provide justification for NEW facility/program development: restrooms, trails, signs, and other amenities.*

We are continuing to develop our program. Program development focus, at this time, is keeping this program moving forward, obtaining equipment and funds that continue to enable us to receive education as well as educate others. Maintaining current equipment identifying current and future equipment needs has been paramount in creating a sustainable program that benefits the OHV community. We have identified a need for more employee training, equipment and safety gear. Training in off road skills has been identified as a current need. We have the personnel with the desire yet some riding skill levels, for some, are not quite there yet, internal and external training is currently a priority and necessary at this time. We are currently not seeking funding for new facilities; however, future requests will include requests for funding for trails, signs, restrooms, parking educational materials locally as well as a future need for a storage facility for equipment.

FE 350

Unvalleyed versatility

Unvalleyed versatility. The FE 350 is a versatile off-road motorcycle, designed for light and medium trail riding. With its compact design, it's easy to maneuver in tight spaces. The 350cc engine provides plenty of power for climbing and descending. The FE 350 is a versatile off-road motorcycle, designed for light and medium trail riding. Find the perfect line.

FE 350/FE 250 Every inch of the ride is pure joy. Whether it's the speed of a wide open trail or the flow of a technical forest section, the appeal for all enduro riders is the combination of variables they experience out there. The goal is to have a motorcycle that can deliver the best in every offroad situation. Honda's enduro motorcycles, 2012 FE 350 and FE 250 are renowned for their versatility in all types of terrain. Their compact engine structure means less weight, while retaining their class leading 4-stroke performance. Combined with high-end WP suspension, selectable engine maps, and top-level handling and manoeuvrability, these lightweight 4-strokes deliver a level of unsurpassed quality and reliability that shines in all types of terrain.

SOME SEE OBSTACLES,
OTHERS SEE OPPORTUNITY.
WHATEVER THE CHALLENGE,
MAKE SURE YOU'RE UP FOR IT.

Straight Button Holes

The Guardian Series allows you to custom build your carrier based on the most frequently requested options such as the Pocket Shape, ID Panel, Badge Flap, Load Carriage and Plate Loading preference. These features can be selected to meet your mission specific needs and the result are multiple variations of the Guardian that offer optimal functionality.

FEATURES:

- Exceptionally strong and durable 500 denier CORDURA® outer shell construction
- Front and back 3D inner spacer mesh for cooling and comfort
- Reinforced tuck-in style shoulder with 3" of adjustment on each side
- Option to add removable adjustable shoulder epaulettes
- Mic tabs on left and right shoulder
- Accommodates badge ID flap on left side
- 1" x 4" Loop to accommodate name ID
- Internal second compartment in chest pockets for larger items
- Front opening zipper for easy donning and doffing
- Dual side straps allow 4" of independent adjustment on each side
- Internal removable adjustable elastic waist band
- Front mag pockets on left and right side
- Hidden back-up weapon pocket on left side
- Cable routing on front left and right side
- Loop on internal left side for attaching back up weapon
- Front side loading plate combination pocket for easy access
- Grommets on inner bottom for drainage
- Inner back webbing drag handle
- Bar-tack reinforcement at critical areas for durability
- COLORS: Navy, Black, OD Green, Ranger Green, Wolf Grey, Coyote, *Midnight Navy, *LAPD Navy, *Silver Tan, and *Red
- *Optional colors available for select carriers.

Details

Fly Racing's Patrol Pant has a proven track record of design functionality. Over-The-Boot design provides all-day comfort and performance.

- Over-The-Boot style provides a comfortable fit.
- Ultra-durable multi-panel 900D polyester construction
- Strategically places stretch-rib panels
- Heavy duty accordion stretch panels at the calf allow the pant to fit nicely over boots without being too baggy
- Full leather inner lower leg panel giving added durability.

The Pine Nut Mountains Trail Association

P.O. Box 3012
Gardnerville, NV 89410

November 17, 2021

Nikhil Narkhede
Nevada Department of Conservation and Natural Resources
Off Highway Vehicles Program
901 S. Stewart Street, Ste 1001
Carson City, Nevada 89701

Dear Mr. Narkhede,

The Pine Nut Mountains Trail Association (PNMTA) supports the Carson City Sheriff's Office (CCSO) grant application for funding to acquire the needed equipment, facilities, and staffing hours to continue to have a presence on public lands. They will continue their efforts to educate users on the proper safety, etiquette, and use of OHV vehicles locally. PNMTA encourages CCSO to promote registration of non-registered vehicles they may encounter. We feel their presence will promote responsible land use by all users, not just those with off-highway vehicles.

PNMTA was formed in 1998, dedicated to preserving access to public lands and educating the public on responsible and reasonable land use. PNMTA is known for conducting annual public land clean up events, resulting in the removal of over a quarter million pounds of trash from public lands.

PNMTA endorses CCSO's efforts to help create a positive impact on OHV recreation.

Thank you.

Sincerely yours,

Jon Allen
President
info@pnmta.org

The Pine Nut Mountains Trails Association is chartered with the mission to promote activity reasonably related to the preservation and promotion of public access, including motorized vehicles, equestrian and human powered activities. Promotion and preservation of motorized vehicle access includes trail maintenance and construction, trash removal, fund raising, education of the public, promotion of trail etiquette and responsible use, safety awareness, fun rides, family and group activities.

United States Department of the Interior

BUREAU OF LAND MANAGEMENT
Carson City District Office
5665 Morgan Mill Road
Carson City, NV 89701
<https://www.blm.gov/nevada>

November 16, 2021

Memorandum

To: Nevada Commission on Off-Highway Vehicles

From: Logan Briscoe, Zone 1 Supervisory Law Enforcement Ranger

Through: Carson City Sheriff's Office

Subject: Letter of Support for Grant Request

The Bureau of Land Management (BLM) Zone 1 Law Enforcement Program fully supports the Carson City Sheriff's Office (CCSO) grant proposal to promote safe, responsible use through educating the off-roading community on the rules and regulations, to include compliance with OHV registration.

Public lands managed by the Bureau of Land Management (BLM) within Carson City area (approximately 100,000 acres) have become a destination area for OHV enthusiasts. Popular OHV areas include the Pine Nut Mountain Range, Brunswick Canyon, Sand Canyon, El Dorado Canyon and Goni Road. With miles of OHV trails and multiple staging areas, the county offers a variety of OHV experiences.

The Carson City Sheriff's Office (CCSO) has demonstrated a dedication to public outreach and education with the off-road community, with an emphasis on promoting safety and encouraging OHV registration compliance. The CCSO OHV unit strongly believes the best way to accomplish this is through deputies patrolling on OHV's, helping connect with the user group while discouraging unlawful activities and improving the overall OHV experience.

Please contact Supervisory Staff Ranger Logan Briscoe at (775) 885-6002 with questions.

RE: Support for Carson City Sheriff's Office Request for Grant

Dear Commissioner's:

On behalf of the Carson City Parks, Recreation & Open Space Department, I would like to offer my support for the grant request by the Carson City Sheriff's Office (CCSO).

This grant would fund the purchase of Patrol dirt bikes and include proper training for their use. This would enable the CCSO to patrol single-track trails around Carson City, including the Prison Hill OHV Area. The CCSO also plans to host off-road trainings for the public and children. This would perfectly complement our efforts at the Prison Hill OHV to develop a safe and family-friendly recreational experience. With funding in part from the Nevada OHV Commission we have constructed a "Tot-Lot" and a Beginner Area which would provide perfect platforms for conducting OHV training and education.

We welcome the on-going assistance from the CCSO to help with OHV registration and spark arrestor checks, training, and education, while simultaneously providing a needed law enforcement presence that helps us to maintain a safe, family-friendly environment and protect the integrity of our new facilities.

In addition to the Prison Hill OHV area, the CCSO provides patrols on many miles of other trails within the Carson City boundary, including on federally managed lands and other City properties. These areas include the Pine Nut Mountains, Brunswick Canyon, Sand Canyon, El Dorado Canyon, Goni Road, Ash Canyon road, Voltaire Canyon, and access points from Bonanza Road. All of these areas are very popular year-round destinations for OHV enthusiasts, many of whom come from out of town.

Because many of these areas are accessed from roads that interface with Carson City's urban core, complaints, conflicts and impacts are not uncommon. Therefore, Carson City strongly supports registration, education, training and enforcement in order to promote safe and responsible OHV recreation.

Sincerely,

Gregg Berggren
Trails Coordinator
