RE: Pine Grove Cemetery Fence

Dear Commissioner's

The above stated Off-Highway Vehicle project received approval on 15 October 2021 from the Acting District Ranger, Duncan Leao.

I have read the scope of work identified in the applicant's project, which is to provide for a barrier to reduce Off-Highway Vehicle traffic and damage in the Pine Grove Cemetery section of the Sweetwater Mountains, Lyon County Nevada. Once in place, additional maintenance of the fence will not be required.

The Pine Nut Mountains Trails Association and the Friends of Pine Grove Club will complete the National Historic Preservation Act Section 106 documentation, to be reviewed and submitted via my staff to the Nevada State Historic Preservation Office within thirty days of receipt. This will take place prior to any placement of fence on the ground.

The project is in alignment with the Forest Management Plan of the Humboldt-Toiyabe National Forest, existing Volunteer Service Agreements, and Federal environmental analyses necessary to comply with Local, State and/or Federal laws, specifically NRS 490.069. All necessary analyses will be completed prior to implementation.

If you have any questions or concerns, please contact me at (760) 616-0045 or by email at (aaron.coogan@usda.gov)

Sincerely,

AARON

Subject: Letter of support for the Pine Nut Mountains Trails Association, Pine Grove Cemetery Fencing Project

Mr. Narkhede,
Lincoln Resource Group Corp. manages 7 square miles of land and mineral rights comprising both private and U.S. Forest Service (USFS) land surrounding the Pine Grove Canyon area south of Yerington. Included within our land package is the Pine Grove Cemetery on USFS land where Lincoln holds the mineral rights.

Lincoln has reviewed the proposal for the cemetery access barrier. Damage has occurred in the past when the public has accessed the cemetery area with off road vehicles. The cemetery area is not clearly marked and is an irregular shape. Installing a wooden fence as described will help to mitigate further damage to the gravesites. The proposed fuels reduction is also warranted due to recent infestation of Ips beetles the pinions are dying and are extreme fire hazards. Care needs to be taken removing the trees and brush due to the potential spreading of the beetles to other areas.

Lincoln has an approved cultural resource investigation plan with the USFS which includes research and field work at the cemetery. Canine Forensics will be utilized to determine if there are additional graves beyond the known cemetery area. This work may be completed in December 2021 weather permitting. The proposed fence would be a good first step for managing access to the site. Over the long term (plus two years) Lincoln hopes to gain the approval to install a more permanent reinforced stone fence around the cemetery. A mitigation plan for the long-term protection of the area would be part of Lincolns EIS work including stakeholder involvement. This proposed fence is needed now to stop ongoing damage to the cemetery. It would also act as a permanent long-term barrier to manage the overall site access. If you have questions, feel free to contact me directly at jsawyer@lincolnmining.com or 775-720-3792.

Regards,

Joe Sawyer
President, Lincoln Resource Group Corp.

11. Project Type(s) (NRS 490.069 Sec.2c) check all that apply:

Studies or planning for trails and facilities;

X Other studies Section 106: National Historic Preservation Act of 1966

Acquisition of land for trails and facilities

Mapping and signing of trails and facilities

Reconstruction, enhancement or maintenance of existing trails and facilities

Construction of new trails and facilities

X Restoration of areas that have been damaged by the use of off-highway vehicles.

The construction of trail features, trailheads, parking, or other ancillary facilities which minimize impacts to environmentally sensitive areas or important wildlife habitat areas.

Safety training and education related to the use of off highway vehicles and registration

Compliance and enforcement (See Appendix C, Enforcement Strategy example)

12. ALL TRAIL USERS: (check all that apply)

X Mountain Biking

X Hiking/Backpacking

X Equestrian

X Single track motorcycle

☐ Snowmobiling

☐ Snowshoe/ski

X ATV quads

☐ Dune buggy

X UTV Side by side

☐ Race Course

Skills riding course

No conflict anticipated

13. Scope of Work: Please describe *exactly* what work will be completed. Programs, planning, NEPA, surveys, mapping, include miles of trail, trail type and other quantitative goals including a timeline for completing the work. NAC 490.1375. If purchase of equipment is included, please explain where/how it will be housed and maintained. (In order to avoid duplication, **do not include** justification or narrative in this section; refer to Section V, Scoring Narrative).

Conduct Section 106: National Historic Preservation Act of 1966, for USFS Submission to NV SHPO.

Purchase and install with volunteer labor, fence limiting access to pedestrian traffic
fence to be installed in such away to allow for it to be moved by USFS or Mining personnel.
Signage as designed approved by USFS.

14. Standards/Guidelines that will be applied to your project:

- ☐ Universal Access to Outdoor Recreation - A Design Guide
- ☐ USFS Standard Specifications for Construction & Maintenance of Trails
- ☐ BLM Handbook 9114-1 Trails
- ☐ NOHVCC Handbooks
- ☒ USFS EM7100-15 Sign and Poster Guidelines for the Forest Service

15. Has the applicant received funding from the OHV Program in the past?

☒ No ☐ Yes

This three group partnership has not applied for nor received any grants.

PNMTA independently received funding please see the PNMTA 2022 request for details.

SECTION III - Federal Lands or Other

Federal Environmental Compliance

A. If Federal funds or Land are a part of the project and NEPA was completed, indicate which document was produced, and **please attach the decision document to this application:**

- ☐ Record of Decision (ROD)
- ☐ Finding of No Significant Impact (FONSI)
- ☐ Categorical Exclusion (CX)
- ☐ SHPO 106 compliance/concurrence letter.
- ☐ Other compliance documents already completed. (do not attached the EA or EIS)

X Not applicable see studies section this application

If NEPA or planning is a part of the project describe the steps in the Scope Section I, #13.

SECTION IV - BUDGET

Proposed Budget: Provide your budget details to include at a minimum the items in the following table. You may create your own spreadsheet.

- Your budget must align clearly with your scope of work from #13. Be specific, as your application will rate higher.
- Reminder: Include all sources of funds for the completion of the project including federal, in-kind, private/city/county and state funds.
- **Attach copies of estimates to support your budget and identify what each contract will include.**

Pine Grove Project Budget

Item	funding request	matching/other funds	item total
Section 106 survey	\$5,157.00	\$0.00	\$5,157.00
Volunteer in-kind 430hr @27.20		\$13,196.00	\$13,196.00

Jobsite/ Project Mgmt		\$1,617.00	\$1,617.00
USFS fuels reduction estimated		\$3,500.00	\$3,500.00
Grant administration	\$3,550.00		\$3,550.00
Totals	\$39,066.40	\$19,238.00	\$58,304.40
Percent	67	33	100

SECTION V – PRIORITIES AND SCORING NARRATIVE

Grants will be scored based on answers to the Ten (10) criteria listed below. Each criteria carries a weight determined by the OHV Commission, voted upon during the public meeting on 9/7/2021. Please reference scoring criteria form.

1. **Law Enforcement Strategy that addresses registration enforcement, including Public Education & Outreach aimed at increasing renewals and new registrations:**
Not Applicable
2. **Enhancement or Maintenance of existing trails and facilities:** This project looks to protect a historic site at a well-used OHV trail and destination. Included in our goal of educating the public in locations of heavy use is to garner public support for the improvement and management of the limited trails system in Nevada. Positive public support is key.
3. **Training** *Not Applicable*
4. **Trail mapping and signing of existing trails and facilities:** *Not Applicable*
5. **Connectivity/Loops:** *Not Applicable*
6. **Planning, Environmental Studies, Conservation:** This grant includes the NHPA section 106 study criteria., necessary before adding any fencing in the area of the cemetery
7. **Access:** Access would be channeled to an appropriate area, parked along the side of the trail vs allowing OHV traffic to drive across burial plots. General area access will not be affected, Lincoln Mining the company slated to open a mine in next 24 months is working with NVORA/PNMTA to maintain access to not interfere with extraction project.
8. **Partnering and Leverage:** All labor is volunteer and provided in-kind for matching funds. In kind Project management is through NVORA and funded from that program and not billed to this grant request. USFS will be conducting fuels removal of the trees near the area that will become a de facto parking area. Those fuels reductions numbers are provided as an estimate as not billed to this

9. Economic Integration: Proving to an interesting destination to the OHV community adds a quality expertise to the OHV user, and assites in the 90million dollars offroad adds to the Nevada economy.

10. Demand for New Facilities: *Not Applicable.*

Re: Temporary Barrier and Signage to Protect Cemetery from Further OHV Incursions

Dear Mr. Giltner:

Nevadans for Cultural Preservation is a 501c3 nonprofit with a mission to preserve cultural resources through education. We support the goal of limiting incursions at the cemetery in Pine Grove Mining District through the installation of a temporary barrier and educational kiosk. We are pleased to assist in this effort and have prepared a scope of work and fee estimate to Nevada Offroad Association (NOA) for compliance review per Section 106 of the National Historic Preservation Act (NHPA), as amended.

Please don't hesitate to contact me if you have any questions or need additional information.

Respectfully submitted,

Rayette Martin
Executive Director/Archaeologist

Nevadans for Cultural Preservation
P.O. Box 400483 Las Vegas, NV 89140
(702) 466-3013 - contact@nvfc.org

Estimate for: Section 106 Document Preparation

Project: Temporary Barrier and Signage to Protect Cemetery from Further OHV Incursions

Site: Pine Grove Mining District

Land Manager(s): USFS HTNF Bridgeport Ranger District

Scope of Work

NVFCP will complete the application for section 106 review with the Nevada State Historic Preservation Office (NVSHPO) for the installation of a temporary buck and rail fence/barrier and interpretive sign to block vehicular access to the cemetery in the Pine Grove Mining District (26LY361). This application and its associated documentation, such as maps and photographs, will be provided to the Archaeologist for the Bridgeport Ranger District. The archaeologist must approve the application and submit it to the NVSHPO.

If the Bridgeport Ranger District agrees to the barrier being in place for no longer than 5 years, NVFCP anticipates being able to justify the finding of no adverse effect to historic properties. However, one in person site visit is required to ensure the area of potential effect is properly described and to gather photographs to justify that determination.

If the NVFCP prepared application requires edits, those will be provided as soon as possible. This estimate provides for a maximum of three revisions.

Performance Period

NVFCP is available to commence work immediately upon receipt of a signed agreement.

The following information must be provided to NVFCP before the application for 106 can be completed.

- Exact proposed location of the barrier
- Images and specifications for the buck and rail fencing to be purchased and interpretive sign
- A detailed plan on how the fencing will get to the location including any required staging areas
- How the fence will be erected in its location

Once NVFCP has received the above and been able to conduct one site visit, the 106 application will be provided to Eric Dillingham within 30 days. Any requested revisions will be provided within 10 business days.
