\$1 Million in grant funding now available for Off-Highway Vehicle projects throughout Nevada!

Applications due November 16, 2020

The Nevada Off-Highway Vehicles Program promotes safe and responsible use of Nevada's world-class opportunities for off-road recreation by providing grants from Nevada's OHV registration fee proceeds.

The program provides grants to fund Nevada-wide projects including trail improvements, mapping, signage, law enforcement, education, safety training, and restoration. About \$1 million in grant funding is available for projects commencing Jan. 2021 - Dec. 2022.
